

Mission / Vision / Values / Goal

Mission:

To provide a safety net of mental health services for Kansans in partnership with consumers, community providers and the justice system, and to deliver support services to related agencies.

Vision:

State-of-the-art services provided by caring and competent staff.

Values:

We are committed to continuous learning, quality, stewardship and principled service to others.

Goal:

To meet the needs of customers by continuing to improve the delivery of treatment and services.
